401 Dulany Street
Alexandria, VA 22314

SUPPLEMENTAL DISCLOSURE SUBMISSION

Supplementing the applicant's disclosure submission filed March 16, 2005, filed herewith are copies of the documents listed in the attached PTO-1449. These documents include references discussed in the applicant's specification at page 1, lines 10-15 and page 4, line 31 to page 5, line 9, together with other references known to the applicant. It is to be noted that U.S. 6,184,381 is listed in lieu of its equivalent WO 97/20789 which is mentioned at page 5, line 9 of the applicant's specification.

Reference is made in the applicant's specification at page 5 to "Catalytic Asymmetric Synthesis" by Ojima, published by Wiley-VGH (ISBN 0-471-40027-0) and "Principle and Applications of Asymmetric Synthesis by Lin, Li and Chan published by Wiley Inter-science (ISBN 0-471-29805-0). These are only used for background and due to their size are not submitted herewith. It is further noted that EP 457559; EP 654264; WO 98/42643 and WO 02/44111 are mentioned in the applicant's specification (page 1,

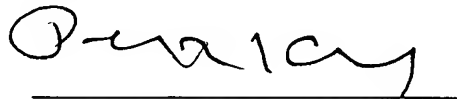

lines 4 and 5). These references were cited in the PCT International Search Report and are already of record herein.

The Examiner is requested to consider the attached, together with the applicant's earlier submission, in the examination of this application.

No fee is thought to be required for this submission but if any should be, please charge to Deposit Account No. 50-0310.

Respectfully submitted,

MORGAN, LEWIS & BOCKIUS LLP

Paul N. Kokulis
